Iowa State University

“Take me out to the Blood Drive!”

First Annual Fall Blood Drive Academic Competition

When: October 13th - October 16th

Where: Iowa State Memorial Union Great Hall

What: The First Annual Fall Blood Drive Academic Competition will be a yearly competition taking place at the fall drive that picks up where the Spring Competition left off. The first competition in the spring was a success, but there is always room to grow. The Iowa State Blood Drive Executive Team is striving for each school at Iowa State to reach 5% of their entire population to donate or volunteer at the Drive. We believe that with this being the second time around, and with continued exposure that this goal is highly reasonable and attainable. We would like your help in spreading the word amongst the staff and students in your college, as we would like to make the competition a focal point in our goal for reaching max participation. There are two separate competitions this semester, one for the most staff participation and one for the most student participation. The winning college will get a commemorative plaque for the most participation in the respective categories. Thank you for your time, and we hope to see as many from your college as possible!
